### A PROCLAMATION.

ALMIGHTY GOD, our Heavenly Father, has been pleased to vouchsafe to us as a people another year of that national life which is an indispensible con dition of peace, security, and progress. That year, moreover, has been crowned with many peculiar blessings. The civil war that has so recently been among us, has not been anywhere reopened. Foreign intervention has ceased to excite alarm or apprehension. Intrusive pestilence has been benignly mitigated. Domestic tranquility has improved; sentiments of conciliation have largely prevailed, and affections of loyalty and patriotism have been widely renewed. Our fields have yielded quite abundantly; our mining industry has been righly rewarded, and we have been aflowed to extend our railroad system far into the interior recesses of the country; while our commerce has rea sumed its customary activity in foreign seas. These great national blessings demand a national acknowledgement.

Now, therefore, I, ANDREW JOHNSON, President of the United States, do hereby recommend that Thursday, the twenty-ninth day of November next, be set apart and be observed everywhere in the several States and Territories of the United States by the people thereof as a day of thanksgiving and praise to Almighty God, with due remembrance that in His temple doth every man speak of His honor. We are informed that these are the largest majorities ever given in this in opposition to their respective states. county in a contested election. They are certainly very heavy upon the total ties of the soldiers in the present canvote polled.

### DESERTERS.

In Conyngham Township in this county one man's vote was rejected as a non-reporting drafted man. Upon the next morning promptly a prosec tion was instituted, and the Judge of the Election and one Inspector were bound over to appear at court. Upon the same day a civil action for damages was also commenced against the parties, by the voter agrieved.

In this district Mercur, negro suffragelite, is probably re-elected to Congress by one thousand majority, upon an enormous increase of the vote in Bradford. Majorities have been given against him in Columbia, Montour, Suilivan, and Wyoming, amounting to about twenty-seven hundred; but the Bradford Argus reports the negority is his favor in Bradford County at from and, thirty-four hundred to thirty-seven hun dred, with an allegation of unfair voting We shall endeavor to give the full officia retures for the whole district in our next number.

### THE SUPREME COURT.

THE history of the Supreme Court of he United States may be divided into four periods. The first, which we may call the original or formative period, extends from 1789 to the accession of Chief-Justice Marshall, and includes the terms of the two Chief-Justices Jay and Ellsworth. The original members were Jay. of New York; Rutledge, of South 'arolina; Cushing, of Massachusetts; Wilson, of Pennsylvania; Blair, of Virginia, and Harrison, of Maryland.
